

Videographer / Media Designer

The Company

Located in Malvern, Worcestershire, Morgan Motor Company Limited is an innovative British sports car manufacturer known for its hand-crafted sports cars. It is also a £35m turnover, profitable manufacturing business employing 230 people at its Malvern factory.

The Role

Morgan is rapidly growing its creative media output by bolstering internal expertise alongside increasing its engagement with various creative agencies.

Reporting to the Head of Design, and located at our purpose-built design centre in Malvern, this role will work between Morgan's multi-disciplined Design and Marketing departments, whilst becoming an integral part of a digital communications growth strategy.

Morgan is looking for a forward-thinking and passionate Videographer who is also comfortable in producing a broad spectrum of multimedia content. The role will require a focus on delivering social first film and photo assets to support predefined campaigns, as well as offering solutions to increase the cadence and quality of Morgan's content creation.

Such projects will entail A-Z delivery of video projects alongside managing more extensive campaigns wherein prior experience working with professionals both internally and externally will be beneficial.

This role provides the opportunity to have a direct influence into Morgan's online content transformation, improve brand awareness, and present an exciting lineup of future multi-platform projects to a global audience. Morgan is a business that welcomes continuous innovation and technical improvement, and the successful candidate will be joining a highly creative team environment.

Pre-Requisite Technical Experience

The role will include but not be limited to the following:

- Broad experience working with Adobe Creative Suite products
- High level of proficiency with Adobe Premiere
- Proficiency in using Photoshop with a good understanding of color grading and photo editing
- Experienced camera operator and a good working knowledge of modern videography
- Demonstratable competence in Adobe After Effects and in creating motion graphics
- Familiar with adhering to, and contributing toward the evolution of, Brand identity guidelines
- A keen interest in emerging social trends around digital media technology and modern online interaction
- Have 2-5+ years' experience in a commercial environment

- A relevant degree or demonstrable experience
- Ability to listen and understand complex business or messaging challenges and translate into quality solutions

The Person

- Self-motivated, organised, able to time manage, with a passion for the development of many design and media types
- Excellent visual and verbal communication skills
- Must demonstrate an adaptable approach and display an openness to change
- Proactive personality who will challenge current thinking and strive for continuous improvement
- Ability to identify opportunities for growth in product and processes
- Excellent project planning and strategy development abilities
- Confidence in managing individuals and planning projects where required
- Ability to work with minimum guidance whilst remaining adaptable, proactive, and willing to take ownership
- Take a flexible approach to film, photoshoot and event work, sometimes out of normal working hours and at weekends

Terms & Benefits

- 37.5 hours per week on site
- Salary Competitive and dependent on experience
- 33 days holiday per year
- Pension scheme (5% contribution from Morgan)
- Private medical insurance (BUPA)
- Cycle2work scheme
- EV salary sacrifice scheme
- Enhanced paternity, maternity & sick pay benefits

How to Apply
