

BIW Sheet Metal Worker

The Company

Located in Malvern, West Midlands, Morgan Motor Company Manufacturing Limited is an innovative British sport car manufacturer; they have operated in a niche automotive sector since their launch in 1910.

The Role

To work with in the BIW Assembly Department/Sheet Metal Department producing hand crafted body panels for our range of vehicles. You will be manipulating pre-formed panels and building complete coach-built bodies and/or bonnets in readiness for assembly.

Specific Duties may include

- The manufacture of body panels using traditional sheet metal skills / methods
- The hammer forming of components from part or fully pressed components
- TIG welding of body panels (Aluminium)
- Preparation of assembled bodies and panels for paint
- General sheet metal and fabrication

Specific Skills Required

- Proven ability to manufacture automotive body panels for the niche sector
- The ability to TIG weld aluminium and an understanding of welding distortion
- Being able to prepare BIW assemblies for paint
- Excellent interpersonal skills with the ability to communicate with other team members

The Person

An individual who will take real pride in the work they produce, ensuring our customers have the best possible experience of owning a Morgan. The ability to work within a team or individually to complete weekly production targets within standard times to the best quality. The ideal candidate will be enthusiastic, resourceful, flexible, and reliable as well as self-motivated with a positive outlook.
